

MEMORANDUM

DATE: August 9, 1996
TO: Steve Yaeger, CALFED Bay-Delta Program
FROM: CALFED Consultant Team
SUBJECT: STORAGE AND CONVEYANCE COMPONENT REFINEMENT--
DRAFT PROGRESS REPORT

The attached draft document provides a status report on work in progress for the Storage and Conveyance Component Refinement task. The draft progress report includes the following items:

- ▶ The objective statement and overview of the approach for the Storage and Conveyance Component Refinement task.
- ▶ A preliminary outline for the draft report that will be prepared as the end product of this task.
- ▶ Initial list, attribute matrix, and ranking criteria to formulate conveyance, storage, and conjunctive use components.
- ▶ Initial assumptions identified for operations and facilities modeling and analysis.
